

## Let's get started

Now that you've decided to earn your high school equivalency credential, here's a convenient checklist to follow:

- Find out your state's requirements
- Locate an adult education center
- Register for the HiSET exam
- Prepare for the test
- Study, study, study
- Know what to expect on test day
- Take the HiSET exam and earn your high school equivalency credential

## Check it out!

High school equivalency credentials are awarded by your state or jurisdiction. If you left high school before graduating, you need to pass a test in order to receive your credential. A high school equivalency credential shows that you have the same academic knowledge and skills as a high school graduate.

## Find out your state's requirements

Different states have different requirements, so it's important to learn the requirements that will apply to you. Be sure to check out your state's requirements at [hiset.ets.org/requirements/state](https://hiset.ets.org/requirements/state).
